Facility ID: 1409030811 Issuance type: Final State Permit To Operate

This version of facility specific terms and conditions was converted from a database format to an HTML file during an upgrade of the Ohio EPA, Division of Air Pollution Control's permitting software. Every attempt has been made to convert the terms and conditions to look and substantively conform to the permit issued or being drafted in STARS. However, the format of the terms may vary slightly from the original. In addition, although it is not expected, there is a slight possibility that a term and condition may have been inadvertently "left out" of this reproduction during the conversion process. Therefore, if this version is to be used as a starting point in drafting a new version of a permit, it is imperative that the entire set of terms and conditions be reviewed to ensure they substantively mimic the issued permit. The official version of any permit issued final by Ohio EPA is kept in the Agency's Legal section. The Legal section may be contacted at (614) 644-3037.

In addition to the terms and conditions, hyperlinks have been inserted into the document so you may more readily access the section of the document you wish to review.

Finally, the term language under "Part II" and before "A. Applicable Emissions Limitations..." has been added to aid in document conversion, and was not part of the original issued permit.

***THIS IS NOT AN OFFICIAL VERSION OF THE PERMIT. SEE PAGE 1 FOR ADDITIONAL INFORMATION***

**Facility ID: 1409030811 Emissions Unit ID: R001 Issuance type: Final State Permit To Operate**

**Part II - Special Terms and Conditions**

This permit document constitutes a permit-to-install issued in accordance with ORC 3704.03(F) and a permit-to-operate issued in accordance with ORC 3704.03(G).

1. For the purpose of a permit-to-install document, the emissions unit terms and conditions identified below are federally enforceable with the exception of those listed below which are enforceable under state law only.

   (a) None.

2. For the purpose of a permit-to-operate document, the emissions unit terms and conditions identified below are enforceable under state law only with the exception of those listed below which are federally enforceable.

   (a) None.

A. **Applicable Emissions Limitations and/or Control Requirements**

1. The specific operation(s), property, and/or equipment which constitute this emissions unit are listed in the following table along with the applicable rules and/or requirements and with the applicable emissions limitations and/or control measures. Emissions from this unit shall not exceed the listed limitations, and the listed control measures shall be employed. Additional applicable emissions limitations and/or control measures (if any) may be specified in narrative form following the table.

| Operations, Property, and/or Equipment | Applicable Rules/Requirements | Applicable Emissions Limitations/Control Measures |
|---|---|---|
| 4 Color Sheetfed Coldset Offset Press | PTI 14-3765 | 3.6 LBS. OC/HR, 40 LBS. OC/DAY, 5.7 TPY OC.<br><br>See T&C B.1. |
| - | OAC 3745-21-07(G)(2) | Less stringent than the PTI |

2. **Additional Terms and Conditions**

None

B. **Operational Restrictions**

1. The maximum amount of coating materials employed in this emissions unit shall not exceed the following:

   a. 615 gallons per year of isopropyl alcohol;

   b. 11,650 gallons of inks (based on maximum capacity of press and 8760 hrs/yr of operation); and

   c. 790 gallons per year of cleanup material.

C. **Monitoring and/or Record Keeping Requirements**

1. The permittee shall collect and record the following information each day:

   a. The number of gallons of inks, alcohol and cleanup material employed;

   b. The organic compound content of the ink, alcohol and cleanup material;

   c. The total daily organic compound emission rate for inks, alcohol and cleanup materials, in pounds per day (assuming 95% retention for inks per Ohio EPA IOC dated 11/21/96);

   d. The total number of hours the emissions unit was in operation; and

   e. The average hourly organic compound emission rate for all inks, alcohol and cleanup materials, i.e., c /d, in pounds per hour (average).

D. **Reporting Requirements**

1. The permittee shall notify the Director of any daily record showing that this emissions unit has exceeded hourly or the daily emission limitations. A copy of such record shall be sent to the Director within 45 days after the exceedance occurs.

2. The permittee shall also submit annual reports which specify the total OC emissions from this emissions unit for the previous calendar year. These reports shall be submitted by January 31 of each year.

E. **Testing Requirements**

1. Compliance with the emission limits in section A.1. of these T&Cs shall be determined by the recordkeeping requirements of section C.1. of these T&Cs.

F. **Miscellaneous Requirements**

None
