

Facility ID: 0812790479 Issuance type: Final State Permit To Operate

This version of facility specific terms and conditions was converted from a database format to an HTML file during an upgrade of the Ohio EPA, Division of Air Pollution Control's permitting software. Every attempt has been made to convert the terms and conditions to look and substantively conform to the permit issued or being drafted in STARS. However, the format of the terms may vary slightly from the original. In addition, although it is not expected, there is a slight possibility that a term and condition may have been inadvertently "left out" of this reproduction during the conversion process. Therefore, if this version is to be used as a starting point in drafting a new version of a permit, it is imperative that the entire set of terms and conditions be reviewed to ensure they substantively mimic the issued permit. The official version of any permit issued final by Ohio EPA is kept in the Agency's Legal section. The Legal section may be contacted at (614) 644-3037.

In addition to the terms and conditions, hyperlinks have been inserted into the document so you may more readily access the section of the document you wish to review.

Finally, the term language under "Part II" and before "A. Applicable Emissions Limitations..." has been added to aid in document conversion, and was not part of the original issued permit.

\*\*\*THIS IS NOT AN OFFICIAL VERSION OF THE PERMIT. SEE PAGE 1 FOR ADDITIONAL INFORMATION\*\*\*

Facility ID: 0812790479 Emissions Unit ID: K001 Issuance type: Final State Permit To Operate

**Part II - Special Terms and Conditions**

This permit document constitutes a permit-to-install issued in accordance with ORC 3704.03(F) and a permit-to-operate issued in accordance with ORC 3704.03(G).

1. For the purpose of a permit-to-install document, the emissions unit terms and conditions identified below are federally enforceable with the exception of those listed below which are enforceable under state law only.
  - (a) None.
2. For the purpose of a permit-to-operate document, the emissions unit terms and conditions identified below are enforceable under state law only with the exception of those listed below which are federally enforceable.
  - (a) None.

**A. Applicable Emissions Limitations and/or Control Requirements**

1. The specific operation(s), property, and/or equipment which constitute this emissions unit are listed in the following table along with the applicable rules and/or requirements and with the applicable emissions limitations and/or control measures. Emissions from this unit shall not exceed the listed limitations, and the listed control measures shall be employed. Additional applicable emissions limitations and/or control measures (if any) may be specified in narrative form following the table.

<u>Operations, Property, and/or Equipment</u>	<u>Applicable Rules/Requirements</u>	<u>Applicable Emissions Limitations/Control Measures</u>
Paint Spray Booth; Auto and Truck Refinishing	OAC rule 3745-31-05 PTI #08-2336	13.40 lbs/hr (excluding cleanup), 217.68 lbs/day and 13.05 tons/yr (including cleanup) of VOC
	OAC rule 3745-21-09(U)(2)(c)	Less stringent than the rule above

2. **Additional Terms and Conditions**
  - (b) The 13.40 lbs/hr emissions limit was established for PTI purposes to reflect the potential to emit for this emissions unit. Therefore, it is not necessary to develop record keeping and reporting requirements to ensure compliance with this limit.

**B. Operational Restrictions**

1. None

**C. Monitoring and/or Record Keeping Requirements**

1. The permittee shall collect and record the following information each month for the line:
  - a. The name and identification number of each coating, as applied.
  - b. The VOC content of each coating, as applied.
  - c. The number of gallons of each coating employed.
  - d. The name and identification of each cleanup material employed.
  - e. The VOC content of each cleanup material, in pounds per gallon.
  - f. The number of gallons of each cleanup material employed.
  - g. The total VOC emissions from all coatings and cleanup materials employed, in pounds or tons.
  - h. The total number of days the emissions unit was in operation.
  - i. The average daily VOC emissions rate for all coating and cleanup materials, i.e., g/h, in pounds per day.

**D. Reporting Requirements**

1. In accordance with paragraph 3.b of the General Terms and Conditions, the permittee shall submit quarterly deviation (excursion) reports that identify each month during which the average daily volatile organic compound emissions rate from the coating and cleanup materials exceeded 217.68 pounds, and the actual average volatile organic emissions rate for each such month.
2. The permittee shall also submit annual reports which specify the total organic compound emissions from this emissions unit for the previous calendar year. These reports shall be submitted by January 31 of each year.

**E. Testing Requirements**

1. Compliance with the emission limitations in Section A.I. of these terms and conditions shall be determined in accordance with the following methods:

Emission Limitation-  
13.40 lbs/hr of VOC (excluding cleanup)

Applicable Compliance Method-  
Compliance shall be determined by multiplying the maximum hourly coating usage by the maximum VOC content of the coatings employed in this emissions unit.

Emissions Limitation -  
217.68 lbs/day VOC (including cleanup)

Applicable Compliance Method -  
Compliance shall be based upon record keeping as specified in (C)(1).

Emissions Limitation -  
13.05 tons/year VOC (including cleanup)

Applicable Compliance Method -  
Compliance shall be based upon record keeping as specified in (C)(1) and shall be the sum of the 12 monthly VOC emission rates for the calendar year.

F. **Miscellaneous Requirements**

1. The permittee is hereby notified that this permit, and all agency records concerning the operation of this permitted emissions unit are subject to public disclosure in accordance with OAC rule 3745-49-03.
2. The permittee shall comply with any applicable State and federal requirements governing the storage, treatment, transport, and disposal of any waste material generated by the operation of this emissions unit.
