CERTIFIED MAIL

ROBBINS & MYERS INC
1895 W JEFFERSON ST
SPRINGFIELD, OHIO 45506

Attention: THOMAS QUIGLEY

Dear Sir:

Enclosed please find an Ohio EPA Permit to Install which will allow you to install the described source(s) in a manner indicated in the permit. Because this permit contains several conditions and restrictions I urge you to read it carefully.

You are hereby notified that this action by the Director is final and may be appealed to the Ohio Environmental Board of Review pursuant to Chapter 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. It must be filed with the Environmental Board of Review within thirty (30) days after notice of the Director's action. A copy of the appeal must be served on the Director of the Ohio Environmental Protection Agency and the Environmental Law Division of the Office of the Attorney General within three (3) days of filing with the Board. An appeal may be filed with the Environmental Board of Review at the following address:

Environmental Board of Review
250 East Town Street, Room 101
Columbus, Ohio 43215

Very truly yours,

Thomas G. Rigo, Manager
Field Operations Section
Division of Air Pollution Control

TGR/gs

cc: US EPA
Regional Air Pollution Control Agency

Permit to Install Terms and Conditions

Application No. 08-891
APS Premise No. 0812100350
Permit Fee: \$200.

Name of Facility: ROBBINS & MYERS INC

Person to Contact: THOMAS QUIGLEY

Address: 1895 W JEFFERSON ST
SPRINGFIELD, OHIO 45506

Location of proposed source(s): THOMPSON ST & W JEFFERSON ST
SPRINGFIELD, OHIO

Description of proposed source(s): CHROME PLATING LINES (DEPT
66-K).

Date of Issuance: FEBRUARY 20, 1986

Effective Date: FEBRUARY 20, 1986

The above named entity is hereby granted a permit to install for the above described source(s) pursuant to Chapter 3745-31 of the Ohio Administrative Code. Issuance of this permit does not constitute expressed or implied approval or agreement that, if constructed or modified in accordance with the plans included in the application, the above described source(s) of environmental pollutants will operate in compliance with applicable State and Federal laws and regulations, and does not constitute expressed or implied assurance that if constructed or modified in accordance with those plans and specifications, the above described source(s) of pollutants will be granted the necessary permits to operate (air) or NPDES permits as applicable.

This permit is granted subject to the conditions attached hereto.

Ohio Environmental Protection Agency

Warren W. Tyler

Substantial construction for installation must take place within eighteen months of the effective date of this permit. This deadline may be extended by up to twelve months, if application is made to the Director no less than sixty days before the expiration of this permit and the party shows good cause for any such extension.

The Director of the Ohio Environmental Protection Agency, or his authorized representatives, may enter upon the premises of the above named applicant during construction and operation at any reasonable time for the purpose of making inspections, conducting tests, examining records or reports pertaining to the construction, modification or installation of the above described source of environmental pollutants.

If the construction of the proposed source has already begun or has been completed prior to the date the Director of the Ohio Environmental Protection Agency approves the permit application and plans, the approval does not constitute expressed or implied assurance that the proposed facility has been constructed in accordance with the approved plans. The action of beginning and/or completing construction prior to obtaining the Director's approval constitutes a violation of OAC Rule 3745-31-02. Furthermore, issuance of the Permit to Install does not constitute an assurance that the proposed source will operate in compliance with all Ohio laws and regulations. Approval of the plans in any case is not to be construed as an approval of the facility as constructed and/or completed. Moreover, issuance of the Permit to Install is not to be construed as a waiver of any rights that the Ohio Environmental Protection Agency (or other persons) may have against the applicant for starting construction prior to the effective date of the permit. Additional facilities shall be installed upon orders of the Ohio Environmental Protection Agency if the proposed facilities prove to be inadequate or cannot meet applicable standards.

The specified permit fee must be remitted within 15 days of the effective date of this permit to install.

Approval to install Chrome Plating Lines is hereby granted to Robbins & Myers, Inc. subject to the conditions expressed herein and consistent with the materials and data included in the application filed by the company. Any departure from the conditions of this approval or the terms expressed in the application must receive prior written authorization of the local air agency (Regional Air Pollution Control Agency) and the Ohio Environmental Protection Agency.

The following rule(s) of the Ohio Administrative Code establish the applicable emission limitations and/or control requirements for this source. (This condition in no way limits the applicability of other requirements of the Ohio Administrative Code to this source.)

3745-31-05(A)(3)
3745-15-07

The facility is hereby notified that this permit, and all agency records concerning the operation of this permitted source are subject to public disclosure in accordance with OAC Rule 3745-49-03.

This source and its associated air pollution control system(s) shall be maintained regularly in accordance with good engineering practices and the recommendations of the respective manufacturers in order to minimize air contaminant emissions.

Any malfunction of this source or its associated air pollution control system(s) shall be reported immediately to the Regional Air Pollution Control Agency in accordance with OAC Rule 3745-15-06.

Except as provided by OAC Rule 3745-15-06, any scheduled maintenance or malfunction necessitating the shutdown or bypassing of the air pollution control equipment shall be accompanied by the shutdown of this source.

Operation of this source shall not exceed: 7056 hrs/yr (24 hrs/day, 6 days/wk, 49 wks/yr).

This source shall be controlled at all times while in operation, by an impingement type/wet scrubber and a packed tower.

Operation of this source shall be in a manner as to not create a public nuisance.

Conformance with the requirements specified above constitutes Best Available Technology for this source as required by rule 3745-31-05(A)(3) of the Ohio Administrative Code.
