Cincinnati, OH 45241

Re: Delegation of Responsibility to Daniel T. Crago, P.E., Environmental and Quality Control Manager

Dear Mr. Jurgensen:

This letter is being sent in response to a request received on August 4, 2008 (see attached) to appoint Daniel T. Crago, P.E., Environmental and Quality Control Manager as a duly authorized representative. Based on the information in the request Mr. Crago does not qualify as a duly authorized representative. Specifically, the eligibility criteria in Ohio Administrative Code (OAC) 3745-31-04(B) states that a person can function as a duly authorized representative "...if such representative is responsible for the overall operation of the facility."

Mr. Crago does have the ability to access and submit information via the Ohio EPA eBusiness Center – Air Services system. To that end he can perform all needed functions in the system on your behalf. However, at the time a form must be submitted he must download an attestation document. That document must be signed by a responsible official, scanned, and then uploaded as a part of the submission process. If it is not desirable to scan and upload an attestation document to fulfill the signatory requirements, you or another responsible official at the company can acquire an account and PIN to the eBusiness Center and then use your PIN as an electronic signature.

Should you or Mr. Crago have any questions or need assistance with any of the above, please contact me at (614) 644-2835 or Linda Lazich at (614) 644-3626.

Sincerely,

Erica R. Engel-Ishida, Supervisor
Permit Issuance and Emissions Reporting
Division of Air Pollution Control
