Re: Lake Loramie State Park Dam Improvements

Dear Brian:

This letter confirms that The Nature Conservancy has stream mitigation credits available for the Ohio Department of Natural Resources to purchase in the 050800010503 8-digit HUC watershed (Upper Great Miami). TNC will reserve 810 credits stream for the Purchaser in this watershed at a cost of \$290 per credit, for a period of 90 days from the date of this letter specifically for Lake Loramie project. After that time, the Purchaser may request an extension of this reservation, but there is no guarantee of availability beyond this date. If TNC approves the extension, a new Letter of Credit Availability and Reservation will be issued.

This letter does not document payment for impacts. The Conservancy does not assume liability for the above mentioned impacts through this correspondence.

When the applicant is ready to submit payment for the above mentioned credits, please submit a completed Final Credit Request Form (available upon request) along with the payment written out to "Ohio Water Development Authority". Mail both the form and the check to Devin Schenk at the address shown in the above letterhead.

Sincerely,

Devin Schenk
Mitigation Program Manager
