How do I determine what my annual emissions are?

To assist you in completing the current report we provided you with the emissions information given to Ohio EPA for the previous reporting period.

- 2006: no approved report
2007: no approved report

Emissions Information For the year(s) provided, complete one of the facility-wide emissions level options numbered 1-5 with a check mark. If the emissions were greater than 50 or 100 TPY provide info on each specified pollutant. See page 2 to indicate an ownership change or that this facility is shutdown.

Table with 2 columns: Emissions Reporting Year (2008) and 5 rows of emission levels (Zero to >100 TPY) and a section for pollutants (PM, OC, NOx, SO2).

Table with 2 columns: Emissions Reporting Year (2009) and 5 rows of emission levels (Zero to >100 TPY) and a section for pollutants (PM, OC, NOx, SO2).

2008 Emissions Statement Requirement: Total Volatile Organic Compounds (VOC) and NOx emissions for the year specified must be reported if the actual emissions of VOC or NOx was 25 TPY or more.

VOC _____ TPY NOx _____ TPY

By completing and signing this form, you are attesting to the following: For the period(s) checked, I am not required to apply for a permit under the provisions of the OAC rule 3745-77-02 Title V program for the facility for which this annual emissions fee is being paid. I affirm based on information and belief formed after reasonable inquiry, that all factual statements in this report are true to the best of my knowledge, and that all judgements and estimates provided in this report have been made in good faith. I understand that the data provided in this document will be used by the Ohio EPA to calculate a fee, which will be required to pay under Ohio Revised Code 3745.11(D) and Ohio Administrative Code 3745-78-02(D), based on the tons of pollution emitted by the facility.
