

Air Permitting LIVE
10/21/2010
9:30 - 11:30AM

<https://ohioepa.webex.com>

- Meeting found under "Meeting Center"
- Password for meeting: **ilovecoffee**
- To receive a call back, provide your phone number when you join the meeting, or call 1-866-699-3239 and enter 680 354 799 as the meeting number.

Agenda

Permitting Questions/Answers in Stars2		Primary
1	CETA incorporation into Stars2	Linda Luksik
2	Non-Title V Emissions Reports – 715 emissions reports are still due and have not been submitted after 2 rounds of mailings. We auto-generated reports for those remaining and are ready to bill them... this is where the DO/LAA's come in.	Linda Lazich
3	<p>Alberta Mellon - HCDOES</p> <p>When processing PTIOs, we are required to choose a "superseded" permit. Which permit should we choose when given the choice between a PTI whose EU permit status is "Active" and a State PTO whose EU permit status is "Extended"? (example: P0099911) AP 2296</p> <p>Also, why is the PTI being labeled as "TVPTI in the superseded drop down box?</p>	Erica Engel-Ishida
4	Intent to Relocate – How to process a notification that a facility is relocating to a site that has already been pre-approved.	Erica Engel-Ishida
5	Permit-By-Rule processing when a permit must be revoked. You must also enter a request to revoke the permit.	Erica Engel-Ishida
6	<p>Training in the Works – <i>Send your DO/LAA's estimate for the number attending each training to Erica by 10/29 for planning purposes.</i></p> <ul style="list-style-type: none"> • Stars2 Webex Training for Beginners – Erica Engel-Ishida/Linda Lazich • Portable Sources – Engineering Guide 44 & Stars2 Processing – Erica Engel-Ishida, Sarah Harter & Michael Carper 	Erica Engel-Ishida
7	APL Topic Reminders – I send a message to an individual contact & back up at each office to remind them that the meeting is happening and requesting topics. Is it desired that I send that to all Stars2 users as well?	Erica Engel-Ishida
8	Submitting forms in Air Services – When is an attestation form needed? What to do if the incorrect person submitted applications/emissions reports in the past? Can they now submit an attestation form for it?	Mike Ahern
9	<p>Pam Barnhart - TDES</p> <p>This is a STARS2 question regarding what we're supposed to enter for "were deviations reported" under Compliance Reports for facilities with leak detection and repair (LDAR) programs. Most of these quarterly or semiannual compliance reports are required to report the number of components monitored, the total leakers and those not repaired within a certain number of days, among other things. So, do we consider it a deviation if the company reports any leaks..... or a certain percentage of leaksor a certain percentage not repaired in a timely manner? Very few facilities with LDAR programs will have zero leakers for a particular quarter, so if we marked them as deviations, then it will appear that the facilities are always out of compliance with the LDAR program</p>	Mike Hopkins
