**PUBLIC NOTICE
NOTICE OF RECEIPT OF 401 APPLICATION**

Public notice is hereby given that the Ohio Environmental Protection Agency (Ohio EPA) Division of Surface Water (DSW) has received an application for, and has begun to consider whether to issue or deny, a Clean Water Act Section 401 certification for a project to construct an intermodal vehicle storage and handling facility on the site of the former Manhattan and Treasure Island Landfills. The application was submitted by The Ann Arbor Acquisition Corporation, 121 South Walnut Street, Howell, MI 48844. The project is located at 3440 Counter Street, Toledo, Lucas County, Ohio. The Buffalo District of the U.S. Army Corps of Engineers Number for this project is 2006-00677. The Ohio EPA ID Number for this project is 062603.

As required by the Antidegradation Rule, three alternatives have been submitted for the project. The applicant's proposed preferred alternative, if approved, would impact 4.15 acres of impounded, non-forested jurisdictional wetlands. The applicant's proposed minimal degradation alternative, if approved, would impact 3.94 acres of impounded, non-forested jurisdictional wetlands. The applicant's proposed non-degradation alternative, if approved, would have no direct impacts on streams or wetlands.

The discharges from the activity, if approved, would result in degradation to, or lowering of, the water quality of five unnamed, impounded, non-forested wetlands. The review of the application will be conducted, and a decision whether to grant or deny the application will be made, in accordance with Chapters 3745-1 and 3745-32 of the Ohio Administrative Code (OAC). In accordance with OAC 3745-1-05, an antidegradation review of the application will be conducted before deciding whether to allow a lowering of the water quality. Other alternatives resulting in lesser or no degradation, or lowering of water quality, will be considered by Ohio EPA during the review process.

No exclusions or waivers, as outlined by Paragraph 3745-1-05 (D) of the Antidegradation Rule (effective as of May 1, 1998), apply or may be granted by the Director of Ohio EPA.

Starting May 11, 2006, copies of the application for the certification and technical support information may be inspected at Ohio EPA/DSW, Lazarus Government Center, 122 South Front Street, Columbus, Ohio, by first calling (614) 644-2001.
