PUBLIC NOTICE
ISSUANCE OF APPROVAL TO RELOCATE A PORTABLE AIR CONTAMINANT
SOURCE
Bluffton Stone Company, Inc.

Issue Date: 10/31/2014
Relocation Number: REL03032
Facility ID: 0302940002

Facility Location: Bluffton Stone Company, Inc.
Husky Energy Gate 7, Ft. Amanda Road
Lima, OH 45817

Facility Description: Crushed and Broken Limestone Mining and Quarrying

Ohio EPA has received a request to relocate a portable air contaminant source for the company identified above. Upon review of the request, the Director has approved the relocation and the facility is authorized to move to Husky Energy Gate 7 Amanda Road Lima, OH upon the publication of this notice.

You are hereby notified that this action of the Director is final and may be appealed to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00, made payable to "Ohio Treasurer Josh Mandel," which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

Environmental Review Appeals Commission
77 South High Street, 17th Floor
Columbus, OH 43215

All inquiries concerning this action may be directed to Ohio EPA DAPC, Northwest District Office at (419)352-8461.

Date of Public Notice: October 25, 2014

**PUBLIC NOTICE
NOTICE OF RECEIPT OF 401 APPLICATION**

Public notice is hereby given that the Ohio Environmental Protection Agency (Ohio EPA) Division of Surface Water (DSW) has received an application for, and has begun to consider whether to issue or deny, a Clean Water Act Section 401 water quality certification for a project expand the existing Crawford County Landfill. The application was submitted by Ron Vail, Santek Environmental of Ohio. The project is located at 5128 Old Lincoln Highway, Whetstone Township, Bucyrus. The Buffalo District Corps of Engineers Public Notice Number for this project is LRB-2007-729. The Ohio EPA ID Number for this project is 144496.

As required by the Anti-degradation Rule, 3745-1-05, of the Ohio Administrative Code (OAC), three alternatives have been submitted for the project. The applicant's proposed preferred alternative, if approved, would fill 4.7 acres of category 2 wetland. The applicant's proposed minimal degradation alternative, if approved, would fill 1.6 acres of category 2 wetland. The applicant's proposed non-degradation alternative, if approved, would have no direct impacts on waters of the state.

Discharges from the activity, if approved, would result in degradation to, or lowering of, the water quality of the wetlands on site. Ohio EPA will review the application, and decide whether to grant or deny the application, in accordance with OAC Chapters 3745-1 and 3745-32. In accordance with OAC rule 3745-1-05, an anti-degradation review of the application will be conducted before deciding whether to allow a lowering of water quality. All three proposed alternatives will be considered during the review process. No exclusions or waivers, as outlined by OAC rule 3745-1-05, apply or may be granted.

Starting, October 25, 2014, copies of the application and technical support information may be inspected at Ohio EPA-DSW, Lazarus Government Center, 50 West Town Street, Suite 700, Columbus, Ohio, by first calling (614) 644-2001. Copies of the application and technical support information can be made available upon request at Ohio EPA District Offices by calling the same number.

Persons wishing to 1) be on Ohio EPA's interested parties mailing list for this project, 2) request a public hearing, or 3) submit written comments for Ohio EPA's consideration in reviewing the application should do so in writing to Ohio EPA-DSW, Attention: Permits Processing Unit, P.O. Box 1049, Columbus, Ohio 43216-1049 within thirty days of the date of this public notice.

Columbus, OH 43215

All inquiries concerning this action may be directed to Ohio EPA DAPC, Central District Office at (614)728-3778.

OAC 3745-57-72 Designation – Narrative for Newspaper

Jackson County

PUBLIC NOTICE

Proposed Designation of Corrective Action Management Units (CAMUs)

On October 28, 2014 the Director of the Ohio Environmental Protection Agency (Ohio EPA) received US DOE's *Proposed Plan for the Site-wide Waste Disposition Evaluation Project*, which included a request by the United States Department of Energy (US DOE) Portsmouth to designate two Corrective Action Management Units at the former Gaseous Diffusion Plant located in Piketon, Pike County, Ohio. A CAMU is an area within a hazardous waste facility used to implement more aggressive treatment, storage and/or disposal options than would otherwise be available. US DOE is proposing to designate a treatment, storage and disposal CAMU (i.e., on-Site Disposal Cell) and a storage and treatment CAMU. The complete public notice including instructions for requesting information on this Proposed Designation may be obtained at: <http://www.epa.ohio.gov/Actions.aspx>, or: Ohio EPA, PO Box 1049, 50 W. Town St. Columbus, Ohio 43216. Ph.: (614) 644-2129.

Comments will be accepted until January 10, 2015 and can be sent to: derrcomments@epa.ohio.gov.

US DOE's request can be reviewed in Appendix C of the Proposed Plan for Waste Disposition. Additional information can be found in the "CAMU Supplement" to the Remedial Investigation/Feasibility Study for the Site-Wide Waste Disposition Evaluation Project (RI/FS). These documents are available for review at the DOE Environmental Information Center (EIC), 1862 Shyville Road, Room 207, Piketon, Ohio 45661, (740) 289-8898, the Jackson City Library, 21 Broadway Street, Jackson, Ohio 45640 (740) 286-4111, Ohio EPA's Southeast District Office, 2195 E. Front Street, Logan, Ohio 43138, (740) 385-8501 or on line at www.pppo.energy.gov/dd.

**PUBLIC NOTICE
PROPOSED CONSENT ORDER**

The Ohio Environmental Protection Agency (Ohio EPA) has entered into a proposed Partial Consent Order with Deborah Loughner, to resolve Ohio EPA's Complaint filed against Deborah Loughner (Defendant) on July 2, 2013 in the Lake County Court of Common Pleas, case number 13 CV 001446. The proposed Partial Consent Order would require the Defendant to immediately comply with the requirements of Ohio Revised Code Chapter 6111.

In addition, the proposed Partial Consent Order requires payment of a fifty thousand dollar (\$50,000) civil penalty.

Copies of the proposed Consent Order can be obtained from the Ohio EPA, Northeast District Office, by calling the Division of Surface Water Enforcement Supervisor at (330) 425-9171 or by writing to:

Ohio EPA, Northeast District Office
Division of Surface Water
2110 East Aurora Road
Twinsburg, Ohio 44087
Attn: Enforcement Supervisor

Written comments should be submitted to Ohio EPA, Northeast District Office at the above address. Written comments should be submitted on or before November 30, 2014.

The final approval and entry of the proposed Consent Order will not occur until after the thirty (30) day public comment period has expired. The thirty day period commences on October 31, 2014. Both the State of Ohio and the Defendants reserve the right to withdraw or alter the proposed Consent Order based on comments received during the public comment period.

Pike County

PUBLIC NOTICE

Ohio EPA is proposing to designate two areas at the United States Department of Energy's (US DOE) former Portsmouth Gaseous Diffusion Plant, located near Piketon, Pike County, Ohio as Corrective Action Management Units.

On October 28, 2014, the Director of the Ohio Environmental Protection Agency (Ohio EPA) received US DOE's *Proposed Plan for the Site-wide Waste Disposition Evaluation Project*, which included a request to designate two Corrective Action Management Units (CAMUs) pursuant to Ohio Administrative Code § 3745-57-72 at the former Portsmouth Gaseous Diffusion Plant, currently undergoing Decontamination and Decommissioning (D&D). A CAMU is an area within a hazardous waste facility used to implement more aggressive treatment, storage and/or disposal options than would otherwise be available. The designation request involves US DOE establishing a storage, treatment and disposal CAMU (i.e., on-Site Disposal Cell) for internment of waste from the D&D project, and potentially other on-site remediation waste (e.g., contaminated soil) resulting from clean-up beyond the waste from the D&D project, and an additional CAMU for the storage and treatment of waste prior to internment in an on-Site Disposal Cell CAMU. The Proposed Designation would facilitate and expedite clean-up. Specific information regarding the Proposed CAMU Designations can be found in Appendix C of US DOE's *Proposed Plan for the Site-wide Waste Disposition Evaluation Project*. Additional information can be found in the "CAMU Supplement" to the Remedial Investigation/Feasibility Study for the Site-Wide Waste Disposition Evaluation Project (RI/FS).

Ohio EPA will accept written comments through January 10, 2015. Anyone may submit written comments on the Proposed Designation by writing to: Maria Galanti, Site Coordinator, Ohio EPA, Southeast District Office, 2195 E. Front Street, Logan, Ohio 43138. Comments can also be faxed to Maria Galanti at (740) 385-6490 or e-mailed to maria.galanti@epa.ohio.gov. Ohio EPA will consider all comments submitted during the public comment period before acting on the designation request. Comments can also be sent to: derrcomments@epa.ohio.gov.

A copy of US DOE's request for designation of the CAMUs is contained within Appendix C of US DOE's Proposed Plan for Waste Disposition. Additional information can be found in the "CAMU Supplement" to the Remedial Investigation/Feasibility Study for the Site-Wide Waste Disposition Evaluation Project (RI/FS). These documents can be found at www.pppo.energy.gov/dd and are available for review at the DOE Environmental Information Center (EIC), 1862 Shyville Road, Room 207, Piketon, Ohio 45661, (740) 289-8898, the Jackson City Library, 21 Broadway Street, Jackson, Ohio 45640 (740) 286-4111, or Ohio EPA's Southeast District Office by calling (740) 385-8501 for an

appointment. These documents can also be reviewed by requesting an appointment at: Ohio EPA Division of Environmental Response and Revitalization, Engineering and Remediation Section, P.O. Box 1049, Columbus, Ohio 43216-1049, (614) 644-2917.

Pike County

PUBLIC NOTICE

Ohio EPA is proposing to designate two areas at the United States Department of Energy's (US DOE) former Portsmouth Gaseous Diffusion Plant, located near Piketon, Pike County, Ohio as Corrective Action Management Units.

On October 28, 2014, the Director of the Ohio Environmental Protection Agency (Ohio EPA) received US DOE's *Proposed Plan for the Site-wide Waste Disposition Evaluation Project*, which included a request to designate two Corrective Action Management Units (CAMUs) pursuant to Ohio Administrative Code § 3745-57-72 at the former Portsmouth Gaseous Diffusion Plant, currently undergoing Decontamination and Decommissioning (D&D). A CAMU is an area within a hazardous waste facility used to implement more aggressive treatment, storage and/or disposal options than would otherwise be available. The designation request involves US DOE establishing a storage, treatment and disposal CAMU (i.e., on-Site Disposal Cell) for internment of waste from the D&D project, and potentially other on-site remediation waste (e.g., contaminated soil) resulting from clean-up beyond the waste from the D&D project, and an additional CAMU for the storage and treatment of waste prior to internment in an on-Site Disposal Cell CAMU. The Proposed Designation would facilitate and expedite clean-up. Specific information regarding the Proposed CAMU Designations can be found in Appendix C of US DOE's *Proposed Plan for the Site-wide Waste Disposition Evaluation Project*. Additional information can be found in the "CAMU Supplement" to the Remedial Investigation/Feasibility Study for the Site-Wide Waste Disposition Evaluation Project (RI/FS).

Ohio EPA will accept written comments through January 10, 2015. Anyone may submit written comments on the Proposed Designation by writing to: Maria Galanti, Site Coordinator, Ohio EPA, Southeast District Office, 2195 E. Front Street, Logan, Ohio 43138. Comments can also be faxed to Maria Galanti at (740) 385-6490 or e-mailed to maria.galanti@epa.ohio.gov. Ohio EPA will consider all comments submitted during the public comment period before acting on the designation request. Comments can also be sent to: derrcomments@epa.ohio.gov.

A copy of US DOE's request for designation of the CAMUs is contained within Appendix C of US DOE's Proposed Plan for Waste Disposition. Additional information can be found in the "CAMU Supplement" to the Remedial Investigation/Feasibility Study for the Site-Wide Waste Disposition Evaluation Project (RI/FS). PUBLIC NOTICE
ISSUANCE OF APPROVAL TO RELOCATE A PORTABLE AIR CONTAMINANT
SOURCE
Mar Zane Materials Portable Plant 12

Issue Date: 10/27/2014
Relocation Number: REL03027
Facility ID: 0660950028

Facility Location: Mar Zane Materials Portable Plant 12
ODOT Project 1330-01, I-71 between mile markers 144 -
151. (in the median),
Harmony Twp., OH 43321

Facility Description: Construction Sand and Gravel Mining

Ohio EPA has received a request to relocate a portable air contaminant source for the company identified above. Upon review of the request, the Director has approved the relocation and the facility is authorized to move to 4540 SR #39, Perrysville, Ohio upon the publication of this notice.

You are hereby notified that this action of the Director is final and may be appealed to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00, made payable to "Ohio Treasurer Josh Mandel," which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

Environmental Review Appeals Commission
77 South High Street, 17th Floor
Columbus, OH 43215

All inquiries concerning this action may be directed to Ohio EPA DAPC, Southeast District Office at (740)385-8501.

Richland County

PUBLIC NOTICE Ohio EPA Issues Preferred Plan for Hamilton Standard Controls, Lexington, Ohio; Public Meeting to be held

On October 30, 2014, the Ohio Environmental Protection Agency (Ohio EPA) issued a Preferred Plan concerning the Hamilton Standard Controls Site located at 147 Plymouth Street in Lexington, Richland County, Ohio (Site). The Preferred Plan summarizes the history of the Site and the investigation of contamination at the Site, provides an analysis of the feasibility of remedial alternatives, and outlines Ohio EPA's preferred alternative for remediation.

The Site was historically used for manufacturing activities which included metals machining and electronic component fabrication between 1953 and 1995. These activities contributed to the release of contaminants into soil and ground water at the Site. The preferred remedial alternative includes soil vapor extraction, air sparging of the ground water, ground water use restrictions, building occupancy restrictions, and limitations on the future use of the former facility property.

Ohio EPA will hold a public meeting on Tuesday, December 16, 2014, to answer questions and to accept comments on the Preferred Plan. The public meeting will begin at 6:00 PM at the Lexington Senior Depot located at 67 E. Main Street, Lexington, OH 44904. The public meeting will begin with an information session during which Ohio EPA will present a summary of the Preferred Plan and answer questions. After the information session the public can submit oral or written comments for the record regarding the Preferred Plan.

In addition, Ohio EPA will accept written comments through December 24, 2014. Anyone may submit written comments on the Preferred Plan by writing to: Edward Onyia, Site coordinator, Ohio EPA, Northwest District Office, 347 North Dunbridge Road, Bowling Green, Ohio. Comments can also be faxed to Edward Onyia at (419) 352-8468 or e-mailed to him at Edward.Onyia@epa.ohio.gov. Ohio EPA will consider all comments submitted during the public comment period before taking a final action.

The Preferred Plan and related documents are available for review at Ohio EPA's Northwest District Office by calling (419) 352-8461 for an appointment.

Proposed Designation of Corrective Action Management Units (CAMUs)

On October 28, 2014 the Director of the Ohio Environmental Protection Agency (Ohio EPA) received US DOE's *Proposed Plan for the Site-wide Waste Disposition Evaluation Project*, which included a request by the United States Department of Energy (US DOE) Portsmouth to designate two Corrective Action Management Units at the former Gaseous Diffusion Plant located in Piketon, Pike County, Ohio. A CAMU is an area within a hazardous waste facility used to implement more aggressive treatment, storage and/or disposal options than would otherwise be available. US DOE is proposing to designate a treatment, storage and disposal CAMU (i.e., on-Site Disposal Cell) and a storage and treatment CAMU. The complete public notice including instructions for requesting information on this Proposed Designation may be obtained at: <http://www.epa.ohio.gov/Actions.aspx>, or: Ohio EPA, PO Box 1049, 50 W. Town St. Columbus, Ohio 43216. Ph.: (614) 644-2129.

Comments will be accepted until January 10, 2015 and can be sent to: derrcomments@epa.ohio.gov.

US DOE's request can be reviewed in Appendix C of the Proposed Plan for Waste Disposition. Additional information can be found in the "CAMU Supplement" to the Remedial Investigation/Feasibility Study for the Site-Wide Waste Disposition Evaluation Project (RI/FS). These documents are available for review at the DOE Environmental Information Center (EIC), 1862 Shyville Road, Room 207, Piketon, Ohio 45661, (740) 289-8898, the Portsmouth Public Library, 1220 Gallia Street, Portsmouth, Ohio 45601, (740) 354-5688 or Ohio EPA Southeast District Office, 2195 E. Front Street, Logan, Ohio 43138, (740) 385-8501 or on line at www.pppo.energy.gov/dd.

Date of Public Notice: October 29, 2014

**PUBLIC NOTICE
NOTICE OF RECEIPT OF 401 APPLICATION**

Public notice is hereby given that the Ohio Environmental Protection Agency (Ohio EPA) Division of Surface Water (DSW) has received an application for, and has begun to consider whether to issue or deny, a Clean Water Act Section 401 water quality certification for a project to upgrade the Rolling Hills Generating Station (RHGS). The application was submitted by Rolling Hills Generating, LLC (Applicant). The project is located north of the Village of Wilkesville in Wilkesville Township, Vinton County. The Huntington District Corps of Engineers Public Notice Number for this project is LRH-2001-00074-OHR. The Ohio EPA ID Number for this project is 144365.

As required by the Anti-degradation Rule, 3745-1-05, of the Ohio Administrative Code (OAC), three alternatives have been submitted for the project. The applicant's proposed preferred alternative, if approved, would impact 0.986 acres of Category 1 wetlands, 0.014 acres of Category 2 wetlands, 869.2 linear feet of perennial stream, 792.9 linear feet of intermittent stream and 3,922.9 linear feet of ephemeral stream. The applicant's proposed minimal degradation alternative, if approved, would impact 0.881 acres of Category 1 wetlands, 0.014 acres of Category 2 wetlands, 705 linear feet of perennial stream, 0 linear feet of intermittent stream and 1,928 linear feet of ephemeral streams. The applicant's proposed non-degradation alternative, if approved, would have no direct impacts on waters of the state.

Discharges from the activity, if approved, would result in degradation to, or lowering of, the water quality of the Raccoon-Symes watershed (upgrades at the RHGS), and the Upper Ohio-Shade watershed, (pipeline between RHGS and the Ohio River and the intake structure on the Ohio River). Ohio EPA will review the application, and decide whether to grant or deny the application, in accordance with OAC Chapters 3745-1 and 3745-32. In accordance with OAC rule 3745-1-05, an antidegradation review of the application will be conducted before deciding whether to allow a lowering of water quality. All three proposed alternatives will be considered during the review process. No exclusions or waivers, as outlined by OAC rule 3745-1-05, apply or may be granted.

Starting October 29, 2014, copies of the application and technical support information may be inspected on Ohio EPA-DSW website: www.epa.ohio.gov/dsw

Persons wishing to 1) be on Ohio EPA's interested parties mailing list for this project, 2) request a public hearing, or 3) submit written comments for Ohio EPA's consideration in reviewing the application should do so in writing to Ohio EPA-DSW, Attention: Permits Processing Unit, P.O. Box 1049, Columbus, Ohio 43216-1049 within thirty days of the date of this public notice.
