

Ohio EPA Compliance Assistance Conference
 Successfully Navigating Reporting, Permitting and Inspections
 March 23, 2006
Conference Agenda

7:45 a.m. - 8:45 a.m. Foyer/Registration Area	Registration, Coffee and Pastries
8:45 a.m. - 9:00 a.m. Grand Ballroom	Welcome and Opening Remarks
<p>Plenary Session - Keynote Speaker 9:00-9:45 a.m. Grand Ballroom</p> <p>Ohio EPA Director Joe Koncelik</p>	
Break/Midmorning Coffee - 9:45 a.m. to 10:00 a.m. (Foyer/Exhibit Area)	
Breakouts: Session One - 10:00 a.m. to 11:15 a.m.	
10:00 - 11:15 a.m. Ballroom 3	<p>RCRA, EPCRA and TRI Reporting (Part 1)</p> <p>If you are handling chemicals or hazardous waste at your business, you probably need to report under one or more of these programs. Even small businesses may be required to report. Come learn more about who is required to file reports and the basic reporting procedures for each program. This is a two-part session which continues after the morning break.</p> <p>Presenters: Tammy Heffelfinger, Division of Hazardous Waste Management Jeff Beattie, Division of Air Pollution Control, Ohio EPA</p>
10:00 - 11:15 a.m. Ballroom 4	<p>Overview of Hazardous Waste Requirements (Part 1)</p> <p>If you need to know the basics about Ohio's hazardous waste regulations, then this session is for you. We'll cover how to evaluate your waste streams to see if they are hazardous. In addition, this session will include an overview of record keeping, reporting and container management requirements. We'll also cover simple steps you can take to recycle and/or reduce wastes at your business - steps that can reduce your regulatory burden and save you money! This is a two-part session which continues after the morning break.</p> <p>Presenters: Dan Sowry and Lindsay Brown, Division of Hazardous Waste Management, Ohio EPA</p>
10:00-11:15 a.m. Ballrooms 1&2	<p>Do You Need a Storm Water Permit?</p> <p>The goal of Ohio EPA's storm water program is to prevent the pollutants from entering into our waterways through contaminated storm water runoff. Those regulated under the program must obtain coverage under an NPDES storm water permit and implement pollution prevention plans or management programs to reduce or prevent the discharge of pollutants into receiving waters. Certain industrial activities are regulated under the storm water program. To find out more about whether you need a storm water permit, plan to attend this session.</p> <p>Presenter: John Morrison, Division of Surface Water, Ohio EPA</p>
Break 11:15 - 11:30 a.m.	

Breakouts: Session Two - 11:30 a.m. to 12:30 p.m.	
11:30 a.m. - 12:30 p.m. Ballroom 3	<p>RCRA, EPCRA and TRI Reporting (Part 2)</p> <p>This session continues as we review the RCRA, EPCRA and TRI reporting requirements.</p>
11:30 a.m. - 12:30 p.m. Ballroom 4	<p>Overview of Hazardous Waste Requirements (continued)</p> <p>This session continues as we cover the basics about Ohio's hazardous waste regulations.</p>
11:30 a.m. - 12:30 p.m. Ballrooms 1&2	<p>Resources to Help You Reduce Waste, Save Money and Achieve Compliance</p> <p>Did you know that some simple changes in the way you do business can result in not only reducing pollution, but also save you money? Reducing your waste generation may also mean that you have fewer regulations to comply with. Imagine that! Come learn more about simple, pollution prevention (P2) strategies that you can adopt at your business. We'll show you case studies from businesses that have reduced waste and how they did it. In addition, we'll review the many resources available to you to not only help you identify P2 opportunities, but also to help you achieve compliance. We'll cover the free services of Ohio EPA's Office of Compliance Assistance and Pollution Prevention, including P2 site visits, compliance visits, assistance with air permit applications and more.</p> <p>Presenters: Dave Foulkes and Kirk Nofzinger, Office of Compliance Assistance and Pollution Prevention</p>
<p>12:30 - 1:30 Lunch (Provided) Marriott North Pavilion</p>	
Session Three - 1:30 p.m. to 2:45 p.m.	
1:30 p.m. - 2:45 p.m. Ballrooms 1&2	<p>Used Oil Management and Ohio's Regulations for Fluorescent Lamps and Other "Universal Wastes"</p> <p>Many businesses generate used oil and are subject to Ohio EPA's used oil regulations. For the most part, the regulations for used oil generators relate to "good housekeeping" practices. Understanding these regulations, however, is important for businesses to prevent contamination and releases. This session will help you understand the requirements for used oil generators, including record keeping, spill response and options for recycling and disposal. This session will also cover used oil filter management and requirements that apply to burning used oil. We'll also cover Ohio's regulations regarding fluorescent lamps and other universal wastes.</p> <p>Presenters: Mitch Mathews and Jeff Mayhugh, Division of Hazardous Waste Management</p>
1:30 p.m. - 2:45 p.m. Ballroom 3	<p>How to Report When Things Go Wrong</p> <p>Have you ever had a spill or release of materials and weren't sure exactly what to do? In this session, we'll cover the basic Ohio EPA reporting requirements for emergency situations like this.</p> <p>Presenter: Jim Crawford, Division of Emergency and Remedial Response, Ohio EPA, SWDO</p>

<p>1:30 p.m. - 2:45 p.m.</p> <p>Ballroom 4</p>	<p>Do You Need an Air Permit?</p> <p>Environmental regulations are complex and determining if your business needs an air permit can be confusing. Under state and federal regulations, it is the business owner's responsibility to obtain all necessary permits. Air pollution permits are required for air contaminant sources. A business may have any number of sources at its facility. Each source requires its own permit unless it is specifically exempted.</p> <p>If you are unsure of whether you need an air permit, this session is for you. We'll cover the basic steps in evaluating all your emission sources and in getting a permit for those that need one. We'll also talk about how you can get help in actually completing your air permit applications through Ohio EPA's Office of Compliance Assistance and Pollution Prevention, a free, non-regulatory program for small businesses.</p> <p>Presenter: Rick Carleski, Office of Compliance Assistance and Pollution Prevention</p>
<p>Afternoon Break - 2:45 p.m. to 3:00 p.m. (Foyer/Exhibit Area)</p>	
<p>Session Four - 3:00 p.m. to 4:15 p.m.</p>	
<p>3:00 p.m. - 4:15 p.m.</p> <p>Ballrooms 1&2</p>	<p>Preparing for an Ohio EPA Inspection</p> <p>Ever wonder what happens when an Ohio EPA inspector shows up at your business? First, don't panic. Come learn more about the inspection process and get practical tips on how you can prepare your business when an inspector does show up. This session will also include a panel discussion from field staff who will share with you the common problems they've seen during air, water and waste inspections. Or, perhaps your business has already been inspected in the past and you want some guidance on how to improve communication with the Agency. If you want to know more about what happens before, during and after an inspection and be better prepared when the time does come, stop by this session.</p> <p>Presenters/Panel: Kirk Nofzinger, Office of Compliance Assistance and Pollution Prevention, Jeff Lewis, Division of Surface Water, Jim Michnowicz, Division of Hazardous Waste Management, Rick Carleski, Office of Compliance Assistance and Pollution Prevention</p>
<p>3:00 p.m. - 4:15 p.m.</p> <p>Ballroom 3</p>	<p>SPCC Plans</p> <p>If you handle oil or oil products, you could be subject to the Spill Prevention Control and Countermeasure (SPCC) regulations. The SPCC requirements apply to even small businesses. These regulations require that secondary containment be provided for oil storage areas and that you prepare an SPCC plan to address emergency situations. If you handle oil or oil products, you'll want to sit in on this session to learn more about how the SPCC requirements.</p> <p>Presenter: Jim Crawford, Division of Emergency and Remedial Response</p>
<p>3:00 p.m. - 4:15 p.m.</p> <p>Ballroom 4</p>	<p>Air and Water Permit Reporting: Know the Basics</p> <p>If you have either an air or wastewater-related permit from Ohio EPA, it is very important that you understand the record keeping and reporting requirements contained in your permit. Failure to submit information, reports and data required by various permits is a frequent violation seen by Ohio EPA. In this session, we will review the common reporting requirements contained in a typical air permit-to-install (PTI) and permit-to-operate (PTO). We will also review common reporting requirements for water-related NPDES discharge permits. If you current have permits and are not sure what your reporting requirements are, come learn more about this important topic.</p> <p>Presenters: Adam Ward, Division of Air Pollution Control, Ken Ziegler, Division of Surface Water, Ohio EPA</p>
<p>Conference Ends - 4:15 p.m.</p>
